

## STATEMENT OF PURPOSE

RS29604 / S1337

Campaigns have become year round without a break for off election years. This legislation means campaign finance reporting is the same in all years. Once a candidate receives or spends \$500.00 in contributions or more, they must begin filing monthly reports by the 10th day of the month following the month being reported. This report method will bring more transparency into the campaigns of candidates in Idaho elections.

### FISCAL NOTE

There is no added expense to the candidate or the Secretary of State since the election system in Idaho is already able to provide this service.
